

Moving Tips

Get an onsite moving quote when possible

Be sure all information is disclosed before move; including all items, access details and difficult pieces

Always check credentials and references on every moving company

Pack as much as possible to lower costs using proper methods to keep items safe

Use proper box size and type

Use packing paper or padding on fragile items

Remove valuable items and personally transport

Give as much notice as possible to movers to ensure expected dates

Mark boxes specifically to know where each one will be placed

Supply movers with info such as elevators, stairs, parking instructions and advise if property associations are notified

Contact post office with change of address

Contact utilities and services to be turned on at appropriate times

Keep pets and children away from the movers to prevent accidents

Be sure access to destination is secured

Keep necessities in a convenient place for easy access during unpacking

Plan enough time to unpack and organize

Find temporary storage if destination is not ready at time of move
